DEDICATION

In appreciation of his sincere service as principal of our high school in its first year, we, the class of nineteen hundred and sixty-eight, proudly dedicate this first publication of the POWHATAN to

WILBUR A. JONES
ADMINISTRATION and FACULTY
TO THE STUDENTS:

The opening of a new school is an exciting adventure. It is like crossing a river, on the other side of which nothing is absolutely known. Even though we carry with us knowledge that was developed in our old environment, we soon find that many of our past habits have to be changed.

Here at POTOMAC, we are fortunate to have a fine building which was designed to fit in with new ideas in instruction which are being given nation-wide recognition.

As our school grows with the addition of the 11th grade in 1966-67 and the 12th grade in 1967-68, we hope to attract more teachers with wide experience and scholastic background to help with our ever-changing curriculum.

You, the class of 1968, in presenting this yearbook will have the honor that goes with the creation of new traditions and ideals for which this school stands.

Let us, therefore, promise the people of Prince George's County that their efforts in our behalf have not been in vain. And, furthermore, no matter what obstacles have to be overcome, our main purpose will be to press on to higher achievement, always mindful that if one of us becomes a better person, our community will benefit and likewise be a better place to live.

ALAS, THE PROBLEMS OF A SOPHOMORE

You name it, you can have it! There must be a way to stop this thing!

"Now don't look at the camera."

Now that I've got it, what do I do with it? There's got to be an answer.

Potomac was fortunate to have the aid of two able conductors, C. Linden McIlvaine, Jr. and Allen F. West, in establishing a chorus and band. The two groups were first presented to the parents and students in a Christmas program in the school multi-purpose room.

and IN!

THE BRAVES

Pitting our freshmen and sophomores against the juniors and seniors of opposing teams, the Braves got off to a slow start. But by mid-season they had developed into a fine young team. By February the Potomac five had chalked up 4 victories, indicating that the Braves can look forward to a bright future in basketball.
